

# CHRISTMAS COMPLETE 2020

Can you help us provide toys and gifts to children and young people who otherwise might go without presents to open on Christmas Day?

As many local families have been affected financially by COVID 19, we anticipate the need to be even greater this year.

We need donations of toys and gifts so that we can make up parcels for all ages from babies up to teenagers.

As it may be difficult this year for you to get items to us, we would encourage either financial donations or purchases from the wish lists shown on our website - <https://www.scratchcharity.co.uk/projects/christmas-complete.htm>

On behalf of those that we will help, thank you very much for your support

**Last year we were able to help 2047 individuals  
from over 880 families across Hampshire.**
