

CHRISTMAS COMPLETE 2020

Can you help us provide toys and gifts to children and young people who otherwise might go without presents to open on Christmas Day?

As many local families have been affected financially by COVID 19, we anticipate the need to be even greater this year.

We need donations of toys and gifts so that we can make up parcels for all ages from babies up to teenagers.

Please see overleaf for more information

On behalf of those that we will help, thank you very much for your support

**Last year we were able to help 2047 individuals
from over 880 families across Hampshire.**

P.T.O.

We appreciate that it will be difficult for people to get items to us this year as our normal drop off locations will not be operating. So we would encourage financial donations or purchases from our wishlists (so that parcels are delivered directly to us) as shown on our website - <https://www.scratchcharity.co.uk/projects/christmas-complete.htm>

We are also happy to accept excellent quality second-hand toys up until 20th November. These can be dropped off to us weekdays 9am to 4pm.

New toys can be brought to us up until 4th December.
